Martin Grellmann

Full Stack Web Developer

👤 Profile

Experienced in full-stack web development with over 20 years in the field. Proficient in HTML, CSS, React, JavaScript, Node.js, PHP, and MySQL. Possess 7 years of experience in Linux administration and 3.5 years in business software development, including 2.5 years in SAP technology.

I am committed to continuous learning and innovation, with a strong focus on clean code and S.O.L.I.D principles. Skilled in designing, testing, and maintaining web systems, with a proven track record in business consulting and Industry 4.0 applications.

💼 Employment History

SAP Technical Consultant, SAP Full-Stack Development at BA Business Advice GmbH, Oldenburg, Germany

February 2022 — Present

Business consulting and SAP solutions, including SAP ABAP, SAP MII, SAPUI5 Freestyle, SAP Fiori Elements, SAP S4/Hana Public Cloud Side-By-SideExtension, S4/Hana Public Cloud Side-By-Side Extension, SAP RAP and SAPCAP. Implemented migrations from ERP to S/4 HANA and refactoredexisting applications.

Software Developer and Linux administrator at Sengicon GmbH, Leipzig, Germany

February 2021 — January 2022

Full-stack software development and Industry 4.0 applications. Refactoring PHP code and developing React web frontends with Material Design. Also involved in the installation, configuration, and administration of LAMP-stacks under Linux. Conducted application tests using PHPUnit and Jest.js.

Webmaster at Ferienhaus-Vermittlung fincaferien.de GmbH, Bockenem, Germany

April 2004 — December 2019

Active web and network enhancer. Skilled in HTML, CSS, Git, Jira, PHP, Drupal, SEO, SEA, and Linux admin. Monitored analytics, maintained Drupal CMS with customized Modules, performed website audits, and developed SEO strategies to boost traffic. Managed Linux (Samba) and Windows networks.
