intecsoft GmbH & Co. KG

Dresden, September 30, 2026

Mr. Martin Grellmann, born on July 22, 1975, worked for our company from January 1, 2025 to September 30, 2026.

As a solution provider, intecsoft specialises in the development, implementation and introduction of database-based software and delivers digital business process optimisation and consulting projects for public-sector and private-sector customers in Germany and Switzerland. By developing customer-specific software on the basis of extensive process knowledge, intecsoft offers innovative and pioneering solutions in the sectors Digital Business, eHealth and Smart Energy.

Mr. Grellmann worked in our company as a Senior SAP Developer. In this role he contributed to various projects for different customers.

His tasks were:

- Conversion of existing procedural components into object-oriented components
- Analysis of the existing intecsoft SAP solution Collection Sense ISU
- Programming and extension of the intecsoft SAP solution Collection Sense FI
- Support in interface development for a customer project in the area of SAP PSM (Public Sector Management)

Thanks to his extensive and well-founded expertise, he always achieved results far above average. He consistently showed a very high degree of initiative and commitment. He always carried out his tasks efficiently, carefully and independently.

He always delivered very good work results and always achieved, and in most cases even exceeded, both the goals he set himself and the agreed goals, even under difficult circumstances.

His performance always met with our complete satisfaction.

Mr. Grellmann's conduct was impeccable at all times. He was highly valued by superiors and colleagues alike. The employment relationship ends on September 30, 2026 for operational reasons. We very much regret losing Mr. Grellmann as a committed and successful employee.

We thank him for his consistently good cooperation and wish Mr. Grellmann all the best and continued success for his future professional and personal path.

Dresden, September 30, 2026
