SENGICON GmbH

Leipzig, December 21, 2021

Mr. Martin Grellmann, born on July 22, 1975, worked for our company in the IT/Development department at the Leipzig site from February 1, 2021 to January 31, 2022.

SENGICON GmbH is active in the fields of software development and engineering services. The area of engineering includes in particular the solution of complex FEM calculations as well as tasks in the field of structural and parameter optimization. This includes strength calculations with the common FE programs ABAQUS, MSC.MARC and ANSYS, fatigue and fatigue strength evaluations with FEMFAT, and support in the selection of material models and the identification of the corresponding material law parameters (test planning and execution). The area of software development includes the creation of special applications according to customer requirements to support company processes as well as data warehouse applications with interfaces to standard ERP systems. In addition, solutions for data-protection-compliant corporate communication (web meetings, in-house messaging) are offered under our own control.

Mr. Grellmann's tasks included in detail:

- Application development in the area of ERP subsystems
- PHP backend development for intranet web applications, PHP code refactoring
- Creation and customization of database schemas / data models
- React web frontend development and refactoring
- Linux system administration, setup and management of various Linux VMs
- Installation, configuration and administration of "Apache – MySQL/MariaDB – PHP" software stacks under Linux
- Collaboration in application tests

Mr. Grellmann distinguished himself in particular by successfully converting an outdated PHP web application into a modern PHP REST backend, connected to a new React web frontend he had built himself.

Mr. Grellmann has extensive specialist knowledge, which he always brought to our company in a profitable way. Thanks to his very good comprehension skills, Mr. Grellmann was always able to grasp even difficult situations accurately and find solutions quickly.

Mr. Grellmann constantly showed a high level of initiative and identified with his tasks and our company, and he also impressed us with his exemplary enthusiasm.

Mr. Grellmann carried out all tasks independently, very carefully and in a well-planned manner. He always acted calmly, deliberately, in a goal-oriented and precise way. He was always convincing in terms of both quality and quantity. Mr. Grellmann was particularly reliable.

Mr. Grellmann always found good solutions to any problems that arose. Mr. Grellmann's performance has received our full recognition in every respect.

German Version:

Mr. Grellmann was always helpful and courteous. His conduct towards superiors, colleagues and business partners was always exemplary and loyal.

Mr. Grellmann will be leaving our company on January 31, 2022. We wish him continued success and all the best for the future, both professionally and personally.

Leipzig, December 21, 2021
